## Career Objective

Aspiring MERN Stack Developer with a strong foundation in **React.js, MongoDB, Express.js and Node.js**. Passionate about building scalable web applications, optimizing performance, and enhancing user experiences. Seeking an opportunity to apply my skills in a dynamic development environment.

## EDUCATION

**Chandigarh University**                                                                 **Mohali, Punjab**
*B.E. Computer Science and Engineering | CGPA: 7.67*                      *August 2021 – Present*

**Vidhyanjali Academy**                                                               **Kota, Rajasthan**
*Intermediate (CBSE) | Percentage: 75.80*                                              *2019 – 2021*

**Sacred Heart Higher Secondary School**                              **Mathura, Uttar Pradesh**
*Matriculation (ICSE) | Percentage: 80.40*                                             *2018 – 2019*

## PROJECTS

**PICHKU.COM** | *HTML, CSS, JavaScript* | pichku.com
- Created a responsive layout for an e-commerce website.
- Added an intuitive user interface with interactive elements for a seamless shopping experience.
- Improved product listing pages by incorporating dynamic filtering and sorting features.
- Optimized performance for mobile and desktop users while ensuring cross-browser compatibility.

**E-Commerce Website** | *ReactJs, ExpressJs, MongoDB* | ⚙ LINK
- Built a responsive and dynamic e-commerce platform featuring product catalog, cart management, and user authentication.
- Secured backend APIs while handling product and user data through a database.
- Performed thorough testing to identify and resolve bugs, improving user experience and reliability.
- Integrated an admin panel for efficient inventory, order, and customer data management.

**Crowdfunding Website** | *Next.js, MongoDB, Razorpay, TailwindCSS* | ⚙ LINK
- Developed a web-based crowdfunding platform to facilitate seamless fundraising.
- Implemented secure user authentication and role-based access control using Auth.js.
- Integrated **Razorpay** for seamless online payments and transaction tracking.
- Utilized MongoDB for efficient database management and real-time data retrieval.
- Designed a responsive and user-friendly interface for smooth user interaction.

## TECHNICAL SKILLS

**Languages:** Java, JavaScript, HTML, SQL
**Frameworks:** React.js, Express.js, Next.js, Node.js, MongoDB
**Tools:** Git, MySQL, MongoDB Atlas, Figma, Postman
**Platforms:** GitHub, Eclipse, VS Code, IntelliJ IDEA

## Certifications

- Java as a Second Language Specialization
- IBM Full Stack Software Developer Specialization
- Infosys ReactJS Certification
- Meta Principles of UX/UI Design
- IBM Python for Data Science, AI  Development

## Extracurricular

**Vihaan 6.0**                                                                                    **April 2023**
*Tech Hackathon*                                                                                  *IEEE DTU*
